SAFETY FIRST

Upgrade your cab space with the versatile DC-16. This model is perfect for vocational customers in need of more room and dry storage, the DC-16 features side door access for easy and convenient storage. The 18" tall doors are ideal for storing larger items like safety gear and equipment. With various cabinet options available, you can customize the DC-16 to fit your specific needs. The through cabinet option is perfect for stowing long items such as spray wands. Plus, the DC-16 enhances safety by eliminating the need for constant climbing in and out of the cab, reducing costly slip hazard injuries. Upgrade your trucks with the DC-16 for a more efficient and organized workspace.

Enjoy The Ride

Prioritize your drivers' comfort and safety with the DC-16. Long hours on the road can take a toll on your drivers, with the DC-16, you can provide them with the space they need to stay comfortable and focused. Our large cutout allows increased seat recline angle and eliminates the uncomfortable driving position. Uncomfortable positions can lead to aches and pains. When the word gets out that you are promoting better driver health it leads to attracting top talent to your team.

With maximum leg and body room, the DC-16 allows your drivers to stretch out and stay comfortable for the long haul.
